Please find attached the Red River Gorge Climbers' Coalitions public comments regarding the recently released draft guidance for NFS Climbing Management under the PARC Act. Our organization has a long history of collaborating with the NFS to ensure that

climbing is managed in ways that promote the recreation value of NFS lands while also protecting the cultural resources and conservation value of those lands.

We appreciate your attention to this matter. Please do not hesitate to reach out at any time to discuss our comments and position on the review of this guidance.

Sincerely,

Louie Allen
