Comments: Nez - Perce Clearwater National Forests Land Management Plan

To whom this may concern,

My family and I have snowmobiled in this forest for many years and hope to continue. As a family we believe that snowmobiles do not do any harm to the environment. We also believe that this hobby brings annual income to many local businesses throughout the area. We want to continue to snowmobile as a family and keep the younger generation interested in the outdoors. We believe that there is enough wilderness to explore and citizens don't need anymore. As a father of three, I hope when my children start a family they can continue to snowmobile and enjoy the outdoors like they did while being raised. I would like to thank you for your time and consideration and hope to see this wilderness stay open to enjoy.

Respectfully,

Jamie Hemphill
