Comments: SPECIAL RECREATION MANAGEMENT AREAS PROPOSED OPTION WITHIN THE RECOMMENDED WILDERNESS

I support the SPECIAL RECREATION MANAGEMENT AREAS PROPOSED OPTION WITHIN THE RECOMMENDED WILDERNESS, snowmobilers have been using these areas for over 30 yrs. and should not be kicked out of them. They put money into the local economy in the town of Superior Montana which is a good thing, when we ride Hoodoo Pass and Surveyor. The forest plan calls for sustainable recreation that includes non-motorized and motorized. The Great Burn should not be ALL wilderness, snowmobilers should be able to ride certain areas like HOODOO PASSES GOOSE CREEK AND STEEP LAKES AREA, SURVEYOR, WILLIAMS LAKE AREA AND BLACK LEAD MTN. AREA. I have never seen any wildlife on any of my rides or a conflict between a skier and snowmobiler. Snowmobilers like these areas for their primitive back country riding that they provide and the scenery that goes with these areas. Both sides need to compromise on this issue, the great burn shouldn't be all wilderness... thank you Chad Taylor 4 Ambrose Lane Great Falls Montana 59404 e-mail cheddahchad34@gmail.com
