Nevada State Clearinghouse

State Land Use Planning Agency

Nevada Division of State Lands

Department of Conservation and Natural Resources

901 South Stewart Street, Suite 5003

Carson City, NV 89701

775-684-2723

<http://clearinghouse.nv.gov>

www.lands.nv.gov

As part of the DEIS - Bordertown 120 kV Transmission Line, please consider the cumulative visual impacts from development activities (temporary and permanent).

Utilize appropriate lighting:

Utilize consistent lighting mitigation measures that follow "Dark Sky" lighting practices.

Effective lighting should have screens that do not allow the bulb to shine up or out. All proposed lighting shall be located to avoid light pollution onto any adjacent lands as viewed from a distance. All lighting fixtures shall be hooded and shielded, face downward, located within soffits and directed on to the pertinent site only, and away from adjacent parcels or areas.

A lighting plan should be submitted indicating the types of lighting and fixtures, the locations of fixtures, lumens of lighting, and the areas illuminated by the lighting plan.

Any required FAA lighting should be consolidated and minimized wherever possible.

Thank you.

E2015-086 NDEP (DEIS-Bordertown 120Kv Transmission Line).pdf

DATE:December 17, 2014

TO:State Clearinghouse, Department of Administration

FROM:Nevada Division of Environmental Protection, Bureau of Water Pollution Control SUBJECT:State Clearinghouse Comments for E2015-086 (DEIS - Bordertown 120 kVTransmission Line)

The Nevada Division of Environmental Protection (NDEP), Bureau of Water Pollution Control (BWPC) has received the aforementioned State Clearinghouse item and offers the following comments:

The project may be subject to BWPC permitting. Permits are required for discharges to surface waters and groundwater's of the State (Nevada Administrative Code NAC 445A.228). BWPC permits include, but are not limited to, the following:

- *Stormwater Industrial General Permit
- *De Minimis Discharge General Permit
- *Pesticide General Permit
- *Drainage Well General Permit
- *Temporary Permit for Discharges to Groundwater's of the State
- *Working in Waters Permit
- *Wastewater Discharge Permits
- *Underground Injection Control Permits
- *Onsite Sewage Disposal System Permits
- *Holding Tank Permits

Please note that discharge permits must be issued from this Division before construction of any treatment works (Nevada Revised Statute 445A.585).

For more information on BWPC Permitting, please visit our website at: <http://ndep.nv.gov/bwpc/index.htm>.

Additionally, the applicant is responsible for all other permits that may be required, which may include, but not be limited to:

- *Dam Safety Permits- Division of Water Resources
- *Well Permits- Division of Water Resources
- *401 Water Quality Certification- NDEP
- *404 Permits- U.S. Army Corps of Engineers
- *Air Permits- NDEP
- *Health Permits- Local Health or State Health Division
- *Local Permits- Local Government

Thank you for the information and the opportunity to comment.

Skip

One of the proposed routes crosses the Truckee River in two locations in the Verdi Area. NV Energy will be required to obtain an easement for the new line, should they select that alternative. Additionally, NV Energy has several other lines crossing the Truckee in that same area without benefit of any authorizations or easements. NDSL will require, as part of the granting any easements for the new line, NV Energy applying for and securing easements for their existing lines.

Dave
