No more road closures, no wilderness areas, no more special use areas, no more National Monuments. Enough is enough. Leave the area alone. The whole country is telling you this yet your still going to do what the special interest groups want who don't even live in the area. You've already messed up enough.

Mt. Taylor had drill rig sites and coal mines all over it The Zunis had (illegible) and copper mines all over. No areas on Mt. Taylor or Zunis that haven't had man traveled over it in some way so there are no areas that are prestine.
