Dear Mr. Mueller and Ms. Grantham,

Unfortunately I am unable to attend your meeting scheduled for January 13, 2016 due to your short notice (your post mark was only 12-30-15).

I do note your intent to do a survey/study of the forest including my property on the Humbug Creek. Please note I do not wish to participate in the survey or study and ask that you exclude my property. I would consider it a trespassing if you or any one was to enter the property without my written permission. There should be no confusion on this matter. Do not enter my property for this or any other study or survey now or in the future.
