Dear Forest Supervisor Smolden;

I support alternative B of the Colville National Forest Land and Resource Management Plan revision.

Of the 20% of the forest that is eligible for wilderness designation, it's important to protect the roadless areas of the Kettle Crest. Please recommend the following roadless areas for wilderness; Profanity, Baldsnow, Twin Sisters, Hoodoo Abercrombie, Hooknose, Salmo-Priest adjacent, Grassy Top, Thirteenmile, and Quartzite.

I oppose the proposal Special Interested Area designation along Albion Hill Road.

Please adopt alternative B after adding explicate restoration and maintenance standards for large old trees.

Thank you for the opportunity to comment.

Sincerely,

Nancy McCambridge
