Your Comments: As a resident of Colorado and the owner of Kokopelli Bike and Board in Cortez, Co. I am in favor of back country single track. Mountain bikers are a valuable resource in trail design and maintaining trails. The single track experience in Colorado is what bikers travel here for, to see the beauty of our wilderness landscape. As a member of the Kokopelli Bike Club, we have had great success in building and maintaining our local trails, which has led to the sport of mountain biking growing in our area. We now see people making Cortez a destination for their biking vacations. Please consider this single track option for this area in Colorado. Thanks, James Fairley, owner Kokopelli Bike and Board
