Comments: I am in support of Midas Gold mining project at Stibnite Idaho. I am not in support of the road being closed through the site and the only bypass being the proposed Burnt Log Road. Totally cutting off Yellow Pine like that will totally impact our community. The economic impact it would have will be devastating. An alternate route needs to be made on site as a bypass so that travel is still possible from Yellow Pine through Stibnite and on to Monumental Summit and Thunder Mountain.
