Title:

Comments: To Whom It May Concern:

We had submitted comments through this portal on May 17, 2020, but have since then been apprised that I had a problem with conversion of documents to pdf. on my computer. The document which you received previously (46228-3407-77) may have failed to send pages 39-89. We had a service convert our hard copy comments to a pdf. so that we can re-send, although this version seems to have a rotated page for which we apologize. Just wanted to make sure our first submission did not become the official record. We submitted our comments today, in person, to the Ochoco National Forest office as well. Sorry of all the documents! thanks.
