Comments: Dear Forest Supervisor Mark,

On behalf of the Wilderness Society, the Idaho Conservation League and the Yellowstone to Yukon Conservation Initiative, please see the attached letter regarding the Current Plan Evaluation Summary.

The Current Plan Evaluation Summary identifies significant deficiencies in the existing plans that we interpret as justifying the need for a full plan revision on both forests. We support the evaluation summary's final list of opportunities to modernize the plans, as the points are all valuable reasons for the planning team to implement a full-revision process. We appreciate the work that the forest staff have put into the planning effort to date and look forward to continuing to collaborate with the forest staff and the diverse array of stakeholders that also share an interest in the future of the Salmon-Challis National Forest.

Thank you for considering our comments, and please reach out if you would like to discuss our letter further.

Sincerely,

Hannah
