Comments: I am writing in support of the Stibnite Gold Project and the benefits it will bring to Idaho. This project has the potential to put hundreds of Idahoans to work, bring a $1 billion investment into our state and restore an area of Idaho's backcountry desperately in need of repair.

Midas Gold Idaho is proposing a great project for Idaho's economy, citizens and environment. When the project goes into production, the company plans to invest $1 billion in Idaho and provide approximately 1,000 jobs over the course of the min e's life. Midas Gold has made a commitment to look to Idaho first for talent and supplies which will have a major trickledown effect and positively impact many facets of the state's economy. As an OK Gravel employee, we are already seeing the economic positive impact this project is having in our local community.

The Stibnite Gold Project is the type of project our state needs. I highly encourage the U.S. Forest Service to permit this project, using the alternative two presented by Midas Gold, as expeditiously as possible.
