Comments: Midas gold, I'm sure you now you have felt the full strength and love that so many people share for the salmon river. We know that it is hard for you to understand the beauty and power of this river because of your blindness for short term capital gain. In y'all's ignorance to destroy the most beautiful river system in the US you will also destroy many people with it. Words cannot express how much good this river does, for the fish for the land, for the animals, for the people. You will cause detrimental damages that will never recover. Please reconsider. Please. Please. Please. Please.

Do not do this. Go somewhere else. Or may you all be cursed with ill health, poor futures and a life of damnation.

Sincerely

Kylus
