Comments: Thank you for the opportunity to provide my feedback as part of Midas Gold Idaho's public permitting process.

Midas Gold Idaho is proposing a great project for our economy, our citizens and our environment. The Stibnite Gold Project would help to properly restore a brownfield site in Idaho's backcountry and provide a significant positive economic impact. In fact, if the project ok pl life. The company has promised to look to Idaho first for talent and supplies so this will have a huge trickledown effect. The salaries of the positions at Midas Gold Idaho will be two times higher than typical jobs in Valley County. The financial security these positions could bring to families could be life changing. I also appreciate that Midas Gold Idaho plans to have employees be on a two weeks on, two weeks off schedule. This allows Idahoans who live outside of Valley County, or who would not want to relocate to the area, the same opportunity to apply for these positions.

Midas Gold wants to restore the rivers, wildlife and habitat near the Stibnite Gold Project site. We should let them. The Forest Service has given meaningful time to review the document and comment. Further extensions are not necessary and will only hurt Idahoans by delaying the benefits of the project. Please permit Alternative 2 of the Stibnite Gold Project as outlined in the draft Environmental Impact Statement.
