Comments: While visiting family in Bigfork, and traveling from North Carolina, I had the pleasure of eating at the Holland Lake Lodge one 9/16/22. The food was amazing! The views are spectacular. I was excited to see the improvements that will be made soon. They have that on display in the lodge. Will definitely bring my family here again in the future. The lodge itself is quaint and cozy with rustic elegance. It has been well-maintained, and I'm excited for a even brighter future for this beautiful getaway. Wonderful memories!
