Dear Derek Ibarguen,

Attached please find Standing Trees and The Lake Tarleton Coalition's objection to the Tarleton Integrated Resource Project.

This objection is being submitted electronically via the Forest Service website project page at <https://cara.fs2c.usda.gov/Public//CommentInput?Project=56394> and as a physical copy sent via U.S. Certified Mail (#7018 3090 0001 5600 9072) to the address provided on the March 16, 2023, objection notice. This objection is timely as the deadline to submit objections is May 1, 2023.

Please note that a list of all exhibits is provided at the end of the attached objection, but the files are too large to send all of them via the Forest Service project webpage. All exhibits are provided on a USB drive which was mailed with the physical copy of the objection letter.

We appreciate your careful consideration and look forward to discussing the future of Lake Tarleton with you and your staff.

Sincerely,

Standing Trees

The Lake Tarleton Coalition
