Comments: The attachment (below) represents our "Comments" to the draft Environmental Analysis for the Bitterroot Front Project. As part of this, we wanted to submit all of the authority cited in our Comments which included 28 attachments. Unfortunately, if we submitted the same electronically, our submission would exceed the 200 MB maximum which could be electronically received. Therefore, although we are attaching the body of our Comments, we will hand deliver tomorrow a hard copy of the attachment items separately to the Bitterroot Forest Service office at 1801 N. First St. in Hamilton, Mt. 59840. Please add those hand delivered attached items (referring to our cited authority in our Comments) as part of the Comments provided below. Thank you for your assistance.
