Re: Foothills Landscape Project

Betty and Angie,

I am interested in the treatments that you have proposed in the Foothills Landscape Project and would like to comment. Because you have not yet selected specific sites for the proposed treatments, of course I am not able to provide specific comments on them. Once you have selected sites for specific treatments, I want the opportunity to comment. I think that is a very reasonable request and I trust that you will listen since you seem to be devoted to collaboration and building public trust. Here is an excellent opportunity for you to demonstrate that.

Sincerely,
