My name is Ben McHone, I own property in West Glacier bordering the middle Fork of Flathead river. I witness rafts, kayaks and other devices float by daily Spring through fall. I do not believe private use has become excessive, commercial traffic is out of control. I also am a private rafter and I spend many days on the middle fork. I have seen more commercial raft companies and patrons misbehaving in public and littering.

I believe if any limits are to be set it <sup>should</sup> be for commercial use. I ~~do~~ really have not seen any F.S. or BWP personnel on the river and gathering the data.

Thank you
