

To: Forest Supervisors Office

Forest Supervisor: Chip Weber

To: Flathead County Commissioners

Philip Mitchell, Pamela Holmquist, Randy Brodehl

My name is Kathryn Mercord and I am a long time owner of Moose City, Northfork of Flathead

River, for over 50 years. I do have concerns after seeing this summer the number of floaters

Entering the river just above Moose City. I also realize there are a number of overnight and

Commercial trips, maybe these trips should require permits.

A reasonable solution might be to exempt riverfront landowners from being required to obtain

A permit. If permits are inevitable, my suggestion is to provide North Fork River, riverfront owners

A seasonal exemption as it would be impractical for a landowner to obtain a day use permit from a

Remote area with little or no internet.

Thank you for your consideration.

Respectfully,

Kathryn Mercord,
