

Usfs,

Thank you for the opportunity to comment during the Draft EIS period for the Stibnite Gold Project.

I fully support the efforts of Midas Gold in their mining and reclamation proposal. This project will provide domestic employment opportunities while also making the country less dependent on foreign nations. Cleaning up historic mining sites and enhancing watersheds is an additional huge benefit.

This project is a huge opportunity for Idaho. I encourage the U.S. Forest Service to permit alternative 2 so this brownfield site can finally be restored.

Most Respectfully,

Steve Gilmer
