

Greetings,

I am writing to express my views on Midas Gold Idaho's Stibnite Gold Project. The opportunity presented by the Stibnite Gold Project is compelling for many reasons including the production of critical minerals that we need to produce locally in the United States. It is a project I am committed to seeing come to fruition.

Midas Gold Idaho wants to invest \$1 billion in our state, bring more than 1,000 jobs to rural Idaho and contribute millions of dollars in taxes. This is the type of project our state needs. As Midas Gold Idaho grows, it wants to help Idaho families grow along with it. The company has made a commitment to hire locally whenever possible. And they are going to help prepare Idahoans for these well-paying jobs by providing job training. The average salary of Midas Gold Idaho employees is anticipated to be \$80,000. Many individuals in this region have had to depend on seasonal work, having a steady paycheck could change many lives.

Thank you for the thorough review of the Stibnite Gold Project. I urge you to now move forward and permit the mine using alternative 2 so Midas Gold can put Americans back to work.

Have a good day,

Name: Wayne Hubert
