

Payette National Forest Supervisor,

Thank you for the opportunity to provide my feedback as part of Midas Gold Idaho's public permitting process.

Midas Gold prioritizes working alongside Idahoans. The company has shown a clear interest in understanding and remedying concerns around the project. They have taken the time to work with the community to develop solutions that work for everyone. For example, the company worked closely with residents of Yellow Pine, recreationalists and snowmobilers to figure out how to preserve access to certain roads in the backcountry. The changes the company made are included in alternative 2. The company didn't need to do this but they did because they knew it was the right thing to do. Through their collaboration with stakeholders at all levels, they have come up with a plan that will not only help Idaho's economy but help restore a legacy site. Their plan has considerable community support.

For the above reasons and many more, please move forward with alternative 2 of the Stibnite Gold Project as it is important to all Idahoans.

Thanks Again,

Name: Matthew Obieta
