To Whom it May Concern,

Thank you for the opportunity to comment during the Draft EIS period for the Stibnite Gold Project.

Midas Gold has carefully researched the Stibnite Gold Project since 2009. Throughout this time, the company has proactively engaged members of our community and consistently sought our feedback. Some of our suggestions are reflected in alternative two – including the proposed road to site to keep traffic and potential pollutants away from our waterways. The company selected using Burntlog Road after many discussions with local residents. In my mind, actions speak louder than words and Midas Gold has proven they will be a good partner moving forward.

This project is a huge opportunity for Idaho. I encourage the U.S. Forest Service to permit alternative 2 so this brownfield site can finally be restored.

Please keep my comments in mind,

A handwritten signature in black ink that reads 'Justin Keller'. The signature is written in a cursive style and is positioned above the printed name.
