

SWIFT CREEK TRAIL EXTENSION

NOTES:

- EXISTING GRAVEL PARKING AREA

- Design new System Trail along east side of creek to replace existing User Trail

- New trail to continue on east side of creek and then cross creek to connect with Sys. Trail 219

- Locate trailhead north of existing pulloff east of SR 715 and determine best place for creek crossing

- Design new System Trail access to Funk Rock City climbsite

- Evaluate area for establishment of designated campsites accessed from User Trail west of creek
