Dear Sir,

We object to the Jenny Gulch gold exploration project in the Mystic District BHNFS.

1. What is there to assure us of no ground water contamination or even loss of water at our wells?
2. What protections do we get from possible devaluation of our property?
3. What assurance do we have that the pristine beauty of this area stays as we know it?

Thank you for your consideration of our concerns in this matter.

Sincerely,

John Knutson
