Title:

Comments: Please maintain the non-motorized areas of the Chugach. It would be a shame to allow motorized vehicles into these areas where non-motorized users are recreating. It would cause dangerous conditions for the non-motorized users. The Seward Highway makes a very distinct obvious boundary line and the current boundary works very well. If any changes were to be made, I would request that there be less motorized access. The wilderness of the Chugach forest should be enjoyed as such.
