To Whom It May Concern:

It was brought to my attention that Prince William Sound and the wilderness protection of the 500,000 acres is in danger of having the protection removed. This area is out of sight of the general populace. If it wasn't for the notification of an Alaskan resident I would not know of this legal action being proposed. I am against it. There are few wildernesses left and to allow the marketing of this area by the rich who is also the few is sneaky and an underhanded act. Leave this area as it is.

Respectfully,

Mary Seibert
