Comments: I am a born and raised Alaskan and have been enjoying the back-country for as long as I could walk, about 52 years. Please consider motorized access to recreational lands in any course of planning. As I get older my ability to hike, snowshoe, and ski become limited and motorized access is typically how I out for all of the above recreation. I have deep respect for Alaska lands and have been teaching the same to my boys. Please feel free to contact me for any other details that may be needed.
