Comments: I grew up riding snowmobiles in the chugach, from early on it was my favorite thing. Spending time with family and friends exploring the beautiful backcountry. Snowmobile has grow from a hobby to my livley hood and profession, I truly believe that without my upbringing in Alaska and access to chugach for snowmobiling I wouldn't be a professional snowmobile rider. And moving forward with my life I hope to spend more and more time in the chugach and eventually take my kids riding just like my father did with me, please consider the snowmobile user group. We love and respect the chugach just as much as other user groups and without snowmobile access in the chugach I lose the biggest reason I choose to live in Alaska

Thank you

Cory Davis
