First name: Forrest

Last name: Vest

Organization:

Title:

Comments: I am so lucky to live where I do. I'm a short drive from a great adventure in the chugach. There is a special thing to be said about spending days there. The time my family and friends and I spend on our snowmachines are the best days. Those are the memory's we live for. I firmly believe if we respect the land we like to play and explore on it will respect you back. Thank you for the opportunity for us to have the opportunity to have a say. I look forward to spending more time in the mountains. Thank you.
