Comments: Many in Girdwood were not only very grateful, but very excited, when we recently found out a Nordic Trail had been groomed in Turnagain Pass. Our Girdwood trails are snow-less and nothing but weeds again this winter, so this new trail in Turnagain Pass was a huge boon for nordic skiers. In times of tight budgets, in future if this can be done by volunteers in cooperation with USFS I fully support ths effort and hope to see it repeated. Many thanks to all concerned.
