Comments: The 1.9 million eligible acres of the WSA and surrounding roadless lands eligible for wilderness designation SHOULD BE DESIGNATED as Wilderness. Do not abandon protection for the nearly 600,000 acres you propose to eliminate from the WSA.

Please reverse the terrible recommendation to split the Wilderness Study Area into two smaller units. This would dramatically shrink the area by permanently stripping long-established protections for Knight Island, Columbia Glacier, Perry Island, Glacier Island, Culross Island, Esther Island, Port Wells, mainland Knight Island Passage, and Lake Nellie Juan.

PLEASE prohibit recreational snowmobile use in the WSA. Snowmobile use has exploded in the WSA in recent years. Snow machines for subsistence and traditional uses may be allowed, but recreational snowmobile use is not.

Also, management of the WSA should follow the Forest Service's Regional Office WSA direction, since ANILCA contains no substantive guidance on WSA protection.

Thank you.
