First name: Susan

Last name: Vogt

Organization:

Title:

Comments: Keep your longstanding promise to protect the wild character of the entire Wilderness Study Area until Congress finalizes its protection. This means maintaining and clarifying rules on all land-based motorized uses-including chainsaw use-and preserving the area's current undeveloped and non-motorized character.

Prohibit recreational snowmobile use in the WSA. Reverse the terrible recommendation to split the Wilderness Study Area into two smaller units
