Comments: I write to comment on the Chugach Forest Plan Revision #40816. Please leave that forest as it is now protected. I want to see it undeveloped and free of motorized vehicles, and free of recreational snowmobiles. Please maintain current protections and recommend to Congress it's perpetuation into the future. The idea to split this wilderness study area in two smaller parts is just terrible. The only ones to benefit from this is the companies making money from lumber sales.

I am a 70 yr. old senior, a retired teacher who thinks it's past time to protect forests for our children of the future.

Thank you.
