Last name: Crider

Organization:

Title:

Comments: I respectfully urge the Forest Service to maintain current protections for the

Chugach Forest and recommend to Congress its perpetuation into the future. Changing that now - by allowing residential timber harvests, expanded motorized uses, manipulation of habitats, mining, and helicopter-assisted skiing and hiking - would harm this beautiful Wilderness Study Area. It makes no sense to change its status. This world-class wild area deserves permanent protection now and far into the future!

Thank you.

Nancy Crider
