First name: Matthew "Elvis"

Last name: Wagner

Organization:

Title:

Comments: Keep the Nellie Juan-College Fiord Wilderness Study Area (WSA) on the Chugach National Forest wild! Protect the wild character of the entire Wilderness Study Area. Preserve the area's undeveloped and non-motorized character. I ask you to make the 1.9 million eligible acres of the WSA and the surrounding areas roadless, and wild. Do NOT split the WSA into smaller units, because this inevitably will lead to fragmentation of the wilderness area. Don't let snowmobiles in the area--keep it wild. Don't allow chain saws--keep it wild.

Sincerely,

Matthew "Elvis" Wagner
