First name: concerned citizen

Last name: astonished

Organization:

Title:

Comments: This is one of the most obtuse sites I have ever seen. The only valuable element is this panel...and even it

has such limited value toward the primary subject of interest, because the rest of the survey and its links are so inconsistent and illogical vis-a-vis arriving at any valuable conclusion, that it makes the entire survey pointless.

If you do not agree...TELL ME...WHAT IS THE MAIN POINT OF THIS SURVEY??????
