Dear Colville National Forest Plan Revision Team,

As hikers, campers and past residents of this beautiful area - we support wilderness recommendations for Bald Snow, Abercrombie Hooknose and the Salmo Priest Adjacent Inventoried Roadless Areas. We would also like to see Thirteenmile & Cougar Mountain, Grassy Top, Hall Mountain and Quartzite Inventoried Roadless Areas considered for wilderness protection., We believe this plan will be very important to creating a sustainable future for outdoor recreation in Northeastern Washington AND take the Spokane area off of the not recommended places, due to not having protected wilderness areas w/in 2 hours of our community.

Thank you for the opportunity to comment on this important matter that will have a lasting impact

With hope,

Tom Sahlberg/Jo McCleary
