First name: Bob

Last name: Boeh

Organization:

Title:

Comments: Please balance all stakeholders interests by 1) equality of permanence for active mgmt and restoration of suitable timber base 2) designation of suitable roadless lands as wilderness additions 3) protect ranching interests 3) protect recreation interests 4) protect snowmobile and atv interests. There are ample acreages on the Colville for all interests to get a slice of the pie without adversely impacting other resources.
