Dear Colville National Forest Plan Revision Team,

I would like to comment on the revised Colville National Forest Plan.

I support many of the Forest's Preferred Alternative (Alternative P) However, it does not match the increased demand for non-motorized hiking opportunities for hikers like me and my family that live in Spokane. Please:

1) Add more wilderness areas to the plan. The areas that should be considered for wilderness protection include Bald Snow, Abercrombie Hooknose and Quartzrite Inventoried Roadless Areas as well as Thirteenmile & Cougar Mountain, Grassy Top, and Hall Mountain.

2) Add more hiking trails to the plan to bring the total to at least 50%

3) Ensure access by passenger vehicle to trailheads

Thank you for your consideration!

Regards,

Wally Croshaw
