Comments: Comment first Forest Service plan

I support option C. But I don't agree with the Wild and Scenic River designation of any of the water ways in the Mt Taylor district. I also don't agree with the 1/2 Miles on each side of the CDT. The 4 Miles scenic corridor is not reasonable. The Mt. Taylor district has the CDT on and off current roads. The roads were here prior to the trail and the trail is not on the CDT it is on the reservation. I also stress we were promised that the travel management plan would be really visited
