Comments: Hello Matt

I was at last night's open house regrading this project. Thanks for being there and taking the time to give us some background.

I did have a question. I might have missed it, so please forgive me if this was addressed last night.

What is the actual distance or length of the proposed road, in both options, we saw?

I did go to the referred WRNF site but could not find this. Can you help?

Best...
