Comments: Dear Matt,

Please take this comment as a huge objection to the Berlaimont Estates Road project. My wife and I have lived in the valley (edwards) for 25 years and have always used the berry creek area, whether it be for hiking with the dog, trail running or mountain biking. It would be very disappointing to see a paved road go in with the intentions of it being an access to a new development.

Please don't allow this to happen.

Regards,

John Lee
