Comments: I do not approve of this development one bit. As a resident of Edwards, I as well as many if not all other Edwards residents use it for recreation and a place to enjoy seclusion in the outdoors and we'd like to keep it that way.

However, the most important reason i am opposed to this is that I believe we don't need more luxury home developments in our community. We need more affordable housing developments. High-end, million dollar homes is the last thing we need in our community. I believe this will hurt our local economy rather than help it. To some yes it will help them profit but for the majority of the community of local residents, this is not in favor of our interests.
