Title:

Comments: Custer/Gallatin does not need wilderness at all. You have taken over Hyalite Porcupine buffalo horn as a 'study area' in 1977 and not one has been done. Removing all things motorized is a bad idea. Motorized recreation has a huge economic benefit to all concerned AND we pay gas taxes, snowmachine/dirt bike licenses and trail passes. What do cross country skiers do to help the economy? open more areas to motorized recreation and logging immediately.
