Title:

Comments: To whom it may concern:

Regarding the expansion of training in the area of Golden Peak, Eastern and higher above the existing race area, creating more training space in new secluded terrain that has been looked at for a long time for this purpose, as a former coach of SCV in the 80s, and still living in the valley, having seen the 3 decades of evolution and changes, the ever growing SCV and ski racing, needs more facility to train, and possibly, at least for the time being freeing other areas of Vail mountain that they need especially for early season training when snow is a maybe, the need of this new venue is timely if not over due!

Sincerely, Pierre Tagliabue
