Comments: We are so excited about this Golden Peak Improvement Project. We live here in Vail with 2 young ski racing kids and proud to live, work and bring up our family in this great town. However, Gold Peak is limited right now and it seems that while we have the best on snow training in the world right in front of us, it's no longer able to sustain the growing need. We believe that by expanding Golden Peak we can continue to provide top level training for our race kids and keep them here instead of sending them away to a better facility. This will keep our families together and allow us to fully engage into this wonderful community for years to come.
