First name: Janet

Last name: Dulin

Organization:

Title:

Comments: Hi, my husband ,Jim Dulin and I were not able to attend the info meeting on 4/6 as we were out of the country.I have been watching for this project to come out in the open for two years and feel that it is completely biased towards the expansion being approved. I was told that the meeting attracted a strong following from Ski Club Vail and their supporters. They have had many years to form a community and advocate base. The Forest Service is only giving the other side 3 weeks to form an opinion and make a comment. I am adamant that the public comment period be extended into the summer months so more people can participate in this process.It is quite suspicious that the Forest Service is working on the behalf of Ski Club Vail and not on behalf of the citizens of the State of Colorado and the United States.If you really want to hear from all people you need to extend the deadline for commentary. Janet Dulin
