Comments: I am a long time resident of the Vail Golf Course neighborhood. I am in favor of the planned expansion of the Golden Peak and Ski Club Vail facilities with a few reservations. Traffic and the rate of speed on Vail Valley Drive are my main concerns. The Vail Police do not patrol Vail Valley Drive east to control the speed of traffic traveling from the east. I would like to see some form of traffic calming (speed bumps or stop signs) as part of the approval. In addition, I would like to see the sidewalk extended east of the soccer fields. Walking in the street with the number of cars traveling down Vail Valley Drive has become hazardous. Thanks
